

Assistant General Counsel

26 May 1950

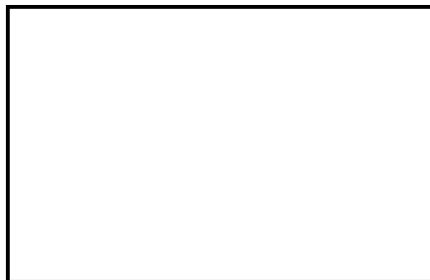

Chief, Services Division

Transportation Requests Issued to Travel Agencies

1. Reference the attached file and the proposed Administrative Instruction.

2. It is my feeling that a delegation of authority by the Director under Public Law 110 to the Chief, Transportation Branch, Services Division and to travelers as may be necessary to issue transportation requests to travel agencies will be adequate.

3. In view of the fact that transportation requests may be issued to travel agencies by travelers when away from Washington, it is believed that an Administrative Instruction on this subject would be appropriate.
